

IN THE SPECIFICATION

Paragraph beginning at page 3, line 27 (amended).

This object is achieved by ~~means of adhesive sheet strips as described~~
~~in more detail in the claims. Attention is drawn expressly to the claims in order to~~
~~avoid repetition~~ providing the self-adhesive strips with a grip tab having a static
frictional force F_s , as measured in accordance with DIN 53375, of at least 170 cN.
